

DEPARTMENT OF THE NAVY

NAVAL UNDERSEA WARFARE CENTER DIVISION

610 DOWELL STREET

KEYPORT, WASHINGTON 98345-7610

Your company is invited to compete for a Blanket Purchase Agreement (BPA) under a **mini-umbrella concept** streamlining strategy for providing Cell Phone/Wireless services in support of the Naval Undersea Warfare Center and Naval Surface Warfare Center communities. In this competition, offerors may submit a proposal on a single product category within Wireless Communications or propose more than one product category.

NUWC Division Keyport will make a best value analysis to determine which response(s) will result in the issuance of a BPA(s). This is not a formal solicitation under Federal Acquisition Regulation (FAR) Part 15 or Part 13, Simplified Acquisition, but an invitation to compete for a BPA under the terms and conditions of your General Services Administration (GSA) Federal Supply Schedule (FSS) contract in accordance with FAR Subpart 8.4. In the event that some items may not be available under existing GSA Federal Supply Schedules, BPAs separate from GSA Schedules may be established.

The Government reserves the right to issue one or more BPAs, or no BPA(s) at all, depending on the quality of responses and a best value analysis. The BPA(s) will be in effect for one year from date of issuance with two one year options (depending on prevailing policy and performance of the BPA holder(s)). The total length of this agreement will not exceed 36 months. The Government estimates, but does not guarantee, that the total volume of purchases through the BPA(s) may have an aggregate value of \$5M (including extensions). There is no guaranteed minimum and the Government shall only be obligated to the extent of purchases.

Responses will be evaluated to determine which company response(s) represent(s) the best value to the Government as explained in the Best Value Plan. It is the Government's desire to establish BPA(s) with suppliers who have demonstrated strong past performance, offered quality products at significantly discounted prices, established abilities in supplying customer requirements and provided worldwide delivery. BPA(s) may be entered into after completion of a best value analysis. The Government reserves the right to issue BPA(s) for single products, a combination of products, or all of the products proposed.

The proposed BPA is the attached Request for Quote. An individual authorized to legally bind your company must sign the signature block located at the end of the BPA.

Submit only one response to this BPA Invitation. Your response is due by 4:00 PM PST hours on 21 Aug 03. Incomplete submissions or proposals received after this date and time are ineligible for award. All information received will be safeguarded from unauthorized disclosure, in accordance with Federal Law. Please ensure any sensitive information is clearly marked as such. Include with your response, a copy of the Terms and Conditions of your GSA contract(s). Products proposed must currently exist on your GSA FSS contract. Clear evidence of this can be demonstrated by providing a copy of your GSA catalog(s), or the APL directly out of the GSA contract(s) highlighting the items proposed. Include the name and phone number of your GSA Point(s) of Contact. It is required that you highlight the items proposed. **Items not available on your GSA FSS must be clearly identified.**

Mistakes may be corrected by the CO prior to BPA issuance if: (1) an offeror requests permission to correct a mistake, (2) clear, convincing evidence establishes both the existence of the mistake and what the response actually intended, and (3) the correction will not result in displacing one or more lower offers (such a correction shall not be made unless the existence of the mistake and the response actually intended are ascertainable substantially from the invitation and the response itself). Pricing errors discovered post BPA issuance will be handled as a mistake in your response in accordance with FAR 14.407-4, and may result in termination of the BPA if the corrected price significantly exceeds the original submission price.

All questions regarding this solicitation should be submitted in writing as soon as practicable after receipt of solicitation. Questions may be forwarded via facsimile to (360) 396-7036 or via E-Mail to klosem@kpt.nuwc.navy.mil.

Sincerely

Monique A. Klose
Contracting Officer

BLANKET PURCHASE AGREEMENT

- A. Pursuant to General Services Administration (GSA) Federal Supply Schedule (FSS) Contract Number _____ (Insert GSA Schedule Number) Blanket Purchase Agreement (BPA) provisions, a BPA is being entered into between _____ (Insert Company Name), having its principal office at _____ (Insert address), and Naval Undersea Warfare Center Division Keyport (NUWC Division Keyport) intending to be legally bound, agree as follows:
1. **Main Emphasis.** This BPA will encompass Cell Phone\Wireless Services (excluding pagers) with associated services and accessories from your GSA FSS as modified through technology refreshment. At any time during the duration of this BPA, the BPA holder may add any item currently available for ordering on its GSA FSS within Cell Phone\Wireless Services, however, NUWC Division Keyport reserves the right to direct immediate removal. Open market micro-purchases will be allowed on this BPA. Total micro-purchases on a single order shall be limited to items in direct support (adjunct items) of items being purchased and to the micro-purchase threshold. Authorized purchasing offices will negotiate open market terms and conditions prior to order placement and identify them on the order.
 2. **BPA Term.** This BPA will be in effect for one year from the date ordering is authorized in writing by the NUWC Division Keyport Contracting Officer (CO) provided your GSA FSS contract remains in effect (this BPA will be reviewed annually from the time of agreement) with two one year options (depending on prevailing policy and performance of the BPA holder). The total length of this agreement will not exceed 36 months. NUWC Division Keyport reserves the right to discontinue and replace this BPA at any time by 30 days written notice, when deemed necessary.
 3. **Authorized Users.** Authorized users include Naval Undersea Warfare Centers (NUWCs), Naval Surface Warfare Centers (NSWCs), other Naval Sea System (NAVSEA) activities, and Department of Defense (DoD). Other Federal civilian agencies may be approved in writing by the NUWC Division Keyport Contracting Officer through submission of an Economy Act Request to the NUWC Division Keyport Contracting Officer. The BPA holder shall not accept orders from other Federal civilian agencies not accompanied by written approval authorization to order from the NUWC Division Keyport Contracting Officer.
 4. **Obligation of Funds.** This BPA does not obligate any funds. The Government will be obligated only to the extent of authorized purchases actually made under the BPA. The Government estimates, but does not guarantee, that the total volume of purchases through the BPA(s) may have an aggregate value of \$5M (including extensions). There is no guaranteed minimum and the Government shall only be obligated to the extent of purchases.
 5. **Products.** Only items awarded under the BPA may be ordered. Other products and services may be added based on NUWC Division Keyport's business plans and the BPA holder's GSA FSS contract.
 6. **Pricing.**
 - a. The Schedule of Supplies/Services/Proposed Rates contains current prices for approved products and services. Prices may be voluntarily reduced at any time. The BPA holder shall immediately implement price reductions by applying the reduced price to all orders booked after price reductions occur.
 - b. All products and services, throughout the life of this BPA, shall include all fees due GSA.
 - c. Prices shall include shipping charges to destination.
 7. **Orders.**
 - a. Orders shall be processed via all of the following methods: facsimile, mail, and by telephone provided that the order follows in writing. Payment shall be made via Government Purchase Card (GPC) and Government payment offices.
 - b. There are no minimum or maximum order requirements.
 - c. All orders will be placed directly with the BPA holder.
 - d. All valid orders shall be accepted within two business days after receipt via direct electronic notification to the customer. A valid order is defined as an order that requires no modification in order to process. If an order requires modification, the BPA holder shall notify the ordering activity within two business days after receipt.

8. Delivery.

- a. All orders, both CONUS and OCONUS, shall be F.O.B. Destination; Ordering COs may elect an APO shipping address for OCONUS locations in lieu of a commercial address and negotiate consideration with the BPA holder prior to placing an order.
- b. All orders using the Government Purchase Card as the payment method must be delivered complete, i.e., no partial shipments.
- c. All shipments will be accompanied by a delivery ticket containing the following information:
 - (1) Name of supplier
 - (2) GSA FSS Contract Number
 - (3) BPA Number
 - (4) Model Numbers
 - (5) Order Number
 - (6) Date of Purchase
 - (7) Date of Shipment
 - (8) Nomenclature (e.g. itemized list of supplies or services to include quantity, unit price, and extension of each item). Note: unit prices need not be shown when incompatible with the use of automated systems, provided that the invoice is itemized to show the information.
 - (9) Name, title, and phone number of person placing order.
- d. Delivery time of products to both CONUS and OCONUS locations are to be in accordance with the requirement of the GSA FSS following acceptance of a valid order. The BPA holder further agrees to the following Delivery times: _____ CONUS (after receipt of a valid order) and _____ OCONUS (after receipt of a valid order).
- e. Upon shipment of product(s), the Contractor shall e-mail notification to ordering CO, the individual placing the order or the individual the order will be shipped to (if an e-mail address is provided). The e-mail shall include when the order was shipped, the tracking number used by the common carrier, a WWW "hot-link," and/or toll-free number to the common carrier, if possible.

9. Invoices. In the event of an inconsistency between the provisions of this BPA (including Federal Law, Federal Court, and Comptroller General Decisions) and the Contractor's invoice, the provisions of this BPA will take precedence. The requirements of a proper invoice are as specified in the GSA FSS contract. For orders submitted via a Standard Form (SF) 1449 (Solicitation/Contract/Order for Commercial Items), invoices shall be submitted to the payment address specified in Block 18a of the SF 1449.

10. Payment. The provisions of FAR 52.213-1 FAST PAYMENT PROCEDURE (FEB 1998) and FAR 52.232-33 PAYMENT BY ELECTRONIC FUNDS TRANSFER--CENTRAL CONTRACTOR REGISTRATION (MAY 1999) are incorporated into this Agreement. These clauses are available in full text and located at <http://www.arnet.gov/far/>. NOTE: In accordance with FARS, Subpart 213.4, FAST PAYMENT PROCEDURE, this provision is limited to orders less than \$25,000.00.

12. Reports. The Contractor shall provide a monthly report to NUWC Division Keyport combining sales for all items purchased under this BPA. The data shall be provided electronically in the format commonly used in the commercial sector.

13. Representations and Certifications. The Contractor hereby certifies:

- a. All software ordered shall be furnished with a perpetual, transferable, right-to-use license.
- b. All software shall be furnished with no less rights than those provided to commercial customers.
- c. All equipment shall be dual-voltage capable (where applicable), include all power and connection cables, and be ready for immediate use at the offered prices. Any special voltage requirements will be appropriately annotated on individual orders. Documentation shall be included with all equipment.

14. Product Proposals and Technical Refreshment - Product Changes.

- a. GSA Product Proposals: The Contractor shall send electronic notification to NUWC Division Keyport of any technical refreshment to the product(s) available for ordering under this BPA at the same time the change is submitted to the GSA FSS for evaluation.
- b. Technical Refreshment: Proposed additions and substitutions shall be submitted electronically direct to NUWC Division Keyport. No product/service shall be included which has not been formally added to the BPA holder's GSA FSS, determined to be within the scope of the Cell Phone/Wireless Services and conforms to the terms and conditions of the BPA (including pricing arrangements). The BPA holder shall be responsible for:
 - 1) Temporary removal and suspension of orders within 24 hours for any product/service challenged by the NUWC Division Keyport Contracting Officer as nonconforming.

- 2) Immediate and permanent removal of any product determined by the Contracting Officer as nonconforming or not on the GSA FSS.
 - i) Orders containing nonconforming items not accepted: The BPA holder shall immediately notify the customer that the item is not available for purchase.
 - ii) Orders containing nonconforming items accepted but not shipped: The BPA holder shall immediately pull the item from processing and notify the customer the item is not available.

Orders containing nonconforming items already shipped: The BPA holder shall immediately provide the order numbers, quantity, date shipped, total dollars, and the name and address of the customer to the NUWC Division Keyport Contracting Officer.

By execution hereof, the person signing for the company below certifies that he/she is duly authorized to execute this agreement on behalf of the company.

Proposed Rate Plans and Rates

IF OFFERED A BLANKET PURCHASE AGREEMENT (BPA), THIS SECTION WILL BECOME A PERMANENT PART OF THE AGREEMENT. (This information may be provided in the format the offeror uses in commercial sector bidding).

Proposed Rate Plan(s) to be based on past history usage (provided as Attachment 2) information, preferences and discriminating factors outlined in the proposed Statement of Work for NSW Crane Division and NUWC Division Keyport.

SUPPLIES OR SERVICES AND PRICE/COSTS

[illegible]

STATEMENT OF WORK – NUWC DIVISION KEYPORT

Other agencies\activities that may use the resulting BPAs from this solicitation will have Specifications\Statements of Work specific to the individual agency\activity requirements for Wireless Services. Features that would be customized to each agency would be the Local Service Area and anticipated number of cell phones\users. A common feature to all agencies would be nationwide requirements and uninterrupted service requirements during the duration of the contract.

Overall objectives include the ability to place and receive calls nationwide, within the specified local coverage area; calling plans that accommodate varied airtime usage and travel patterns while still providing an opportunity to keep costs under control and minimize administrative burden; standard operation procedures for processing service activation, deactivation and plan change requests, etc., that expedite the processing of user requests and make maximum use of available technology (email internet, etc.); access to calling features as part of a standard or custom calling plan, or as separately priced additions, whichever represent the most economical and practical alternative for users, to include as a minimum: call waiting, call forwarding and voice mail. Other calling features that may be incorporated at no additional cost to the Government include no answer/busy transfer, message waiting indicator, three-way calling, text messaging, caller identification, and wireless data services (email, internet access, etc.); expeditious activation and/or deactivation and early termination fees; means of recognizing usage trends, and identifying inconsistencies between the allowances of assigned calling plans and individual user usage and travel patterns on a quarterly basis; incorporate innovative and emerging technologies (affecting services and devices) in an economic and efficient manner.

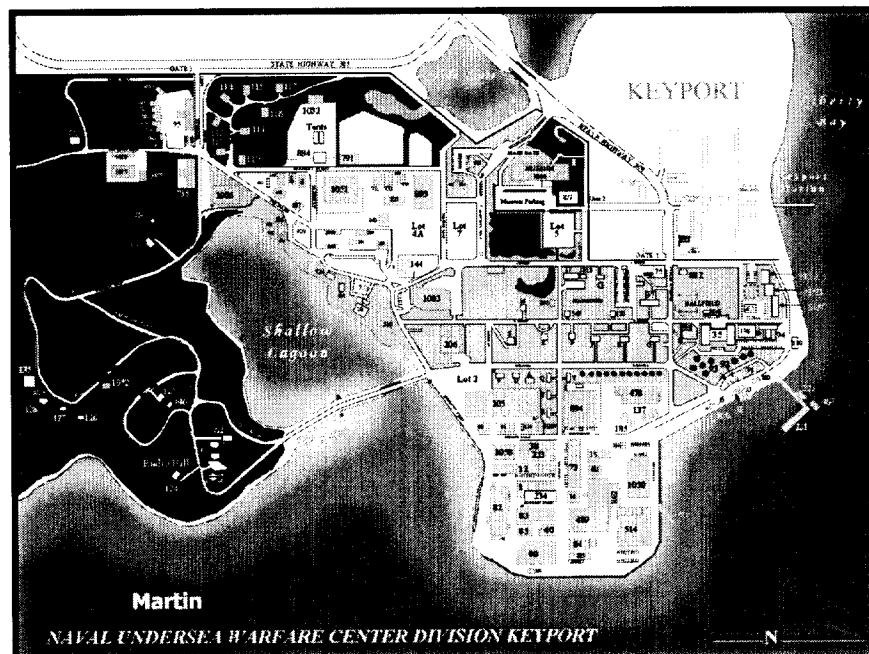

Following is the Statement of Work for the anticipated NUWC Division Keyport Wireless Requirements.

Introduction

The Naval Undersea Warfare Center, Keyport Division is issuing this document to outline preferences for an efficient and economical means for obtaining mobile wireless communications services (MWCS). The Naval Undersea Warfare Center, Keyport Division employs approximately 2,000 employees. At present there are 200 cell phones with a growth potential of an additional 50, from 1 Oct 2003 to 30 Sept 2004.

The local service area at a minimum will be defined as the geographical area occupied by NUWC Keyport. It is understood that complete coverage of this area is required. The following map outlines the local service area that is required. Note the local service area should not be confused with a 'Home Service Area' that may be defined based on the service plan.

NUWC Keyport Local Service Area

Qualification Test

There will be an optional test of the contractor's equipment at NUWC Keyport to verify operation within the local area. Six areas where a communications test will take place have been selected within the local area. Each contractor will provide a phone for testing. The phone being tested will be one that is normally offered to the government under this solicitation.

The phone will be one that is offered on the lower end of equipment range. The vendor must arrange to have their equipment tested the week of 25 August 2003.

Note: Upon issuance of individual orders, other agencies\activities may require a similar qualification test as applicable.

Service Plans:

Plan Features

Required features include voice mail, e-mail, call waiting, call forwarding, caller ID, roaming, long distance, digital numeric paging, 3-party conference calls, text messaging and no answer callback. These features may be included in a calling plan or offered at an additional charge.

Shared Minutes

Plans to include the ability to share or pool minutes based on minutes each plan offers times the number of plans. Example: if there are three phones/plans each with 300 minutes per month included then the three phones are sharing 900 minutes during a monthly billing cycle. Any unused monthly available minutes shall be "rolled over" to the next month. The Government shall be entitled to the fixed roaming fee for each call outside the local area.

Nationwide vs Local Coverage

Plan(s) to include nation-wide no roaming charges and nation-wide no long distance charges based on calls originating or being received anywhere within the United States, Hawaii and Alaska. Companies should also offer plans that do not include roaming or long distance at no charge. These phones would be for Keyport customers who only need the use of a phone within the local or immediate service area.

Canadian Roaming

Plans offered should include the ability to include no roaming charges if operating in Canada.

Credit Card Long Distance

Plans offered should have the ability to use a third party calling card for long distance with no additional long distance fee applied. Exception –a fee may be charged if the card is used outside the United States to access the calling card phone number.

Account Billing

It is the intent to allow authorized Government purchase card holders to use the purchase card as the payment method for delivery orders against Blanket Purchase Agreements, BPA's, for phone equipment and services. For orders issued with the purchase card as the method of payment, the authorized purchase card holder shall receive a monthly statement that will include a breakout for each phone number providing details of equipment purchased and services received. At a minimum, the breakout will include the base charge for the plan, list of all calls placed including long distance, list of long distance charges if applicable, roaming charges if applicable, international charges and any state and federal tariffs if applicable.

Note: Each agency\activity may require similar or specific billing requirements.

Changing Plans

To maximize cost benefits to the Government, proposed plans should include the ability\flexibility to change existing plans.

At a minimum coinciding with the monthly billing cycle a phone number may be changed from one plan to another. This will allow the government to review the present plan usage and determine if it is more cost effective to the government to place a phone on a different plan.

Cancellation of Services

Because of ever-changing Government requirements, the Government reserves the right to add or delete telephone service at anytime without penalty. If a telephone is lost or stolen, services will be terminated immediately and without penalty. In the absence of obvious emergency situations (lost or stolen equipment), the Government shall notify the vendor at least 30 days in advance of intent to discontinue service. Further, the contractor must give the Government 30 days advance written notice to the Contracting Office to discontinue any service (other than cancellation at the Government's request).

Contractor Responsibilities

Each contractor will provide a sole point of contact with NUWC Keyport regarding all provisions of the contract. The contractor will be responsible for the delivery, installation and support services for all items to be furnished as a result of this contract. The contractor's work must be executed in such a manner that it does not disrupt day-to-day functions of the Government or cause any unauthorized disruptions to existing services. The contractor must coordinate its activities with the needs of the Government. The contractor must provide toll-free access to customer service representatives 24-hours per day, seven (7) days per week, to address general user questions. The contractor shall maintain a summary of the total number of cellular devices, grouped according to their respective calling plans, updated on a monthly basis. For GSA schedule contract vehicle, the contractor shall provide ample cellular voice device choices, distinguishable by their minimum features, to satisfy all levels of user feature/capability needs, with minimal inventory.

Contractor's may be requested to provide a sole point of contact by individual activities/agencies as specified on individual delivery orders.

This BPA incorporates the following clauses by reference. However, for items available under GSA FSS, the terms and conditions of the GSA FSS prevail. The clauses incorporated below are applicable to open market (non-GSA items). The Defense Federal Acquisition Regulations (DFARS) clauses are applicable to both GSA and open market items.

- (ii) Alternate I (Apr 1984) of 52.247-64.

- (c) The Contractor shall comply with the FAR clauses in this paragraph (c), applicable to commercial services, that the Contracting Officer has indicated as being incorporated in this contract by reference to implement provisions of law or Executive orders applicable to acquisitions of commercial items:

[Contracting Officer check as appropriate.]

- (1) 52.222-41, Service Contract Act of 1965, as Amended (May 1989) (41 U.S.C. 351, *et seq.*).
- (2) 52.222-42, Statement of Equivalent Rates for Federal Hires (May 1989) (29 U.S.C. 206 and 41 U.S.C. 351, *et seq.*). In compliance with the Service Contract Act of 1965, as amended, and the regulations of the Secretary of Labor (29 CFR part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C. 5341 or 5332. (End of clause)
- (3) 52.222-43, Fair Labor Standards Act and Service Contract Act-Price Adjustment (Multiple Year and Option Contracts) (May 1989) (29 U.S.C. 206 and 41 U.S.C. 351, *et seq.*).
- (4) 52.222-44, Fair Labor Standards Act and Service Contract Act-Price Adjustment (Feb 2002) (29 U.S.C. 206 and 41 U.S.C. 351, *et seq.*).
- (5) 52.222-47, SCA Minimum Wages and Fringe Benefits Applicable to Successor Contract Pursuant to Predecessor Contractor Collective Bargaining Agreements (CBA) (May 1989) (41 U.S.C. 351, *et seq.*).

- (d) *Comptroller General Examination of Record.* The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, and does not contain the clause at 52.215-2, Audit and Records-Negotiation.

- (1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.
- (2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.
- (3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e)(1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c), and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in paragraphs (i) through (vi) of this paragraph in a subcontract for commercial items. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause-

- (i) 52.219-8, Utilization of Small Business Concerns (Oct 2000) (15 U.S.C. 637(d)(2) and (3)), in all subcontracts that offer further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds \$500,000 (\$1,000,000 for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.
 - (ii) 52.222-26, Equal Opportunity (Apr 2002) (E.O. 11246).
 - (iii) 52.222-35, Equal Opportunity for Special Disabled Veterans, Veterans of the Vietnam Era, and Other Eligible Veterans (Dec 2001) (38 U.S.C. 4212).
 - (iv) 52.222-36, Affirmative Action for Workers with Disabilities (June 1998) (29 U.S.C. 793).
 - (v) 52.222-41, Service Contract Act of 1965, as Amended (May 1989), flow down required for all subcontracts subject to the Service Contract Act of 1965 (41 U.S.C. 351, *et seq.*).
 - (vi) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (Apr 2003) (46 U.S.C. Appx 1241 and 10 U.S.C. 2631). Flow down required in accordance with paragraph (d) of FAR clause 52.247-64.
- (2) While not required, the contractor may include in its subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.

(End of clause)

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 10 days prior to contract expiration; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 30 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 36 months.

(End of clause)

52.215-5 FACSIMILE PROPOSALS (OCT 1997)

(a) **Definition.** "Facsimile proposal," as used in this provision, means a proposal, revision or modification of a proposal, or withdrawal of a proposal that is transmitted to and received by the Government via facsimile machine.

(b) Offerors may submit facsimile proposals as responses to this solicitation. Facsimile proposals are subject to the same rules as paper proposals.

(c) The telephone number of receiving facsimile equipment is: (360) 396-7036

(d) If any portion of a facsimile proposal received by the Contracting Officer is unreadable to the degree that conformance to the essential requirements of the solicitation cannot be ascertained from the document -

(1) The Contracting Officer immediately shall notify the offeror and permit the offeror to resubmit the proposal;

(2) The method and time for resubmission shall be prescribed by the Contracting Officer after consultation with the offeror;

(3) The resubmission shall be considered as if it were received at the date and time of the original unreadable submission for the purpose of determining timeliness, provided the offeror complies with the time and format requirements for resubmission prescribed by the Contracting Officer.

(e) The Government reserves the right to make award solely on the facsimile proposal. However, if requested to do so by the Contracting Officer, the apparently successful offeror promptly shall submit the complete original signed proposal.

PROPOSAL SUBMITTAL REQUIREMENTS

Offerors shall submit the following information with their offer:

Technical: In order to provide all necessary information for a comprehensive technical evaluation and price analysis thereof, your proposal shall be submitted as commercial product literature, which must provide enough information to determine operational parameters of the product or service in the format that the offeror uses in commercial sector bidding. A determination will be made through technical evaluation whether the product fails to meet, meets, or exceeds the Government's performance requirements as set forth in the specifications. The commercial product literature should address the following areas:

a. Technical Approach: The technical approach will be evaluated on how well it supports the needs and objectives defined in the statement of work. Emphasis will be placed on the achievement of technical capabilities without risking timely accomplishment of project goals.

- 1) Describe any technical pre/post order support you currently provide or propose to supply to customers using this BPA. Identify the level of support including methods of assistance, available times, etc. to be provided to customers.
- 2) Provide a description of the quality of proposed operational support.
- 3) Identify your total annual GSA sales for Cell Phone/Wireless Communications over the past 12 months. Also include your anticipated projected annual sales goals for this BPA.
- 4) Constraints/Anticipated Problems/Assumptions: Provide a complete listing of all relevant risk identification and mitigation associated with the implementation and performance of the statement of work. Concisely describe or explain each listed item, and discuss its relevance and/or total impact on technical feasibility,

overall timeframe to accomplish the project, etc. Specify all important assumptions which have been utilized in developing the proposed technical approach (e.g., Government-provided resources, required subcontracted efforts or items, scheduling and availability, etc.).

Technical capability plans shall be no more than 5 pages single spaced on 8 ½ x 11" paper in not less than a 10 point font.

Past Performance:

a) **Contract Data Sheet** - Offerors shall demonstrate past performance by completing Contract Data Sheets (see Enclosure 1). Offerors are encouraged to submit brief and concise responses. Data submitted by the contractor other than that requested on the Contract Data Sheets will not be considered. **Failure to submit Contract Data Sheets shall be considered certification that the contractor has no past performance for like or similar items for the Government to evaluate.**

b) **Number of Contracts** - Complete a Contract Data Sheet for up to five of your most recently completed Federal Government contracts (not to exceed three years since completion) for like or similar items under this solicitation. If you do not have any Federal Government contracts, then list state, local, or commercial contracts, in that order, to complete your Contract Data Sheets.

EVALUATION CRITERIA

Responses will be evaluated to determine which products proposed and which overall companies' responses represent the best value to the Government and award under this effort will be made to the technically acceptable offer(s) which provides the best value to the Government, technical, past performance, and price considered. In determining the best value to the government, a trade-off analysis of the relative benefits of technical, past performance, and price will be performed, if necessary. Inherent in the trade-off analysis process is the assessment of risk, and its impact on contract performance.

Issuance of BPA(s) will only be made to the offeror(s) whose response complies with all the requirements of law, regulations, and conditions set forth in the invitation. The offeror's response must demonstrate a clear understanding of the nature of the requirement. The decision authority will determine which response(s) provides the best overall value to the Government.

Assumptions:

1. The Government reserves the right to issue BPA(s) for all or some of the product categories proposed within the Cell Phone/Wireless Communications Requirements.
2. We intend to issue one or more BPA(s) for each product category within the Cell Phone/Wireless Communication Requirements, but we reserve the right to issue none, one, or more than one BPA(s).
3. As a streamlining measure, in instances of multiple awards to the same vendor in multiple product categories, the Government may elect to combine awards into a single BPA for administrative convenience, consolidation of reporting requirements, reduction in management oversight, and vendor overhead costs.

Technically Acceptable – All responses will be verified to ensure that the proposed plans have the ability to meet the preferred wireless communications requirements. Additionally, the Government may consider any enhancements to a component(s) that may significantly exceed the desired preferences.

Evaluation Factors – Offers that are determined to be technically acceptable will be evaluated in terms of technical, past performance, and price. Technical Understanding is slightly more important than past performance. Technical Understanding and Past Performance combined are slightly more important than Price.

PRICE AND PROPOSED BPA DISCOUNTS: Evaluation of price will include the following factors: (1) Evaluation of Options per FAR 52.217-9; (2) Buy American Act and Balance of Payments Program evaluation per DFARS 252.225-7021; (3) The Government will consider the minimum guaranteed discount percentage proposed off of the GSA FSS price.

OTHER CONSIDERATIONS: Any additional features/services that are determined to be of value or detriment to the Government may be considered. Features/services may include items such as capabilities and features in support of products sold, available best practices, online ordering capabilities, technical support, etc. Such indicators may include how long in business and information provided in response to the Proposal Submittal Requirements. In addition, the Government may evaluate how and why the offeror provides value to the Government. For the Cell Phone/Wireless Communications, other considerations of particular interest include Shared Minutes or extra items at no additional cost. Any additional unsolicited benefits proposed to the government will be considered.

Past Performance - Evaluation of past performance information (see Proposal Submittal Requirements) will include, but not be limited to, relevance and extent of previous contracts, quality and conformance of product/services to specifications, timely delivery and customer satisfaction. Information utilized will be obtained from contractor references as well as any other sources which may have relevant information. Contractor references that cannot be contacted will not be considered. An offer with no relevant past performance history may not represent the most advantageous proposal to the Government.

Although price is important, it is NOT the most important evaluation factor. Offers will be evaluated and award will be based upon the best value to the Government. In making this determination, the Government is concerned with striking the most advantageous balance between, technical, past performance and price factors. The closer the technical and past performance rates are to one another, the greater the importance of price in making the award determination.

In determining the best value offer, the Contracting Officer may consider elements of a technical proposal that exceed the stated requirements, and are deemed to be of value to the Government.

The reasonableness of the quoted price will be evaluated. In addition to generally accepted price analysis techniques, congruence between the technical and price proposals may be utilized to determine the reasonableness of the quoted price as well as potential performance risk.

No award will be made at other than a fair and reasonable price.

Request that each offeror fill-in a reply to each of the following questions listed below. Responses will be used to assist the Contracting Officer (CO) in filling out the DD 350.

CONTRACTOR POINT OF CONTACT

a) In the event your firm receives a contract as a result of this solicitation, designate a person whom the Government may contact during the period of the contract for prompt contract administration.

PAST PERFORMANCE WORKSHEET

The Government highly prefers that you submit your company's five most recent references (relevant to Cell Phone/Wireless Communications), all of which should be Government references. The Government references should be a Contracting Officer (CO) and a Program Manager or equivalent. Relevance is determined by considering the products provided, dollar value, period of performance, and worldwide delivery and warranty support capabilities. Please refer to the Blanket Purchase Agreement (BPA) Invite Letter for more details. Attached is the Past Performance Questionnaire that must be submitted with your offer. In addition, discuss any contractual vehicles (contracts, delivery orders, etc.) terminated for default by a CO affecting your company within the past five years. Also, describe all instances in which your company has ever been the subject of, or party to, a proposed debarment/suspension case and the outcome. Failure to comply with these instructions may result in elimination from further consideration.
